Chapter 1: Introduction to the exodus

amen Thank You Gavin okay so here we are the second Exodus or the greater Exodus as many know it uh part two uh a brief synopsis of what we looked at last week um first and foremost we looked at the biblical Prophecies of this thing that's coming this second Exodus that's coming uh in the future and there were quite a few of them the least of which are the number of passages that says that what has been will be again and that's what we are to expect going forward with this second this greater Exodus and where we left off uh last week is entering the desert we left off at that moment where we were going to be into the Wilderness if you recall Matthew 24 Yeshua said when you see the Abomination that causes desolation flee to the mountains flee to the Wilderness uh but as many people know that passage as many Believers around the world have heard read that passage there's a great number of people that don't believe it's for them and another great number of people that doesn't know what happens after we flee to the mountains what next and so that's where we're kind of picking up here this morning in part two I think this slide here is where we left off last week we were in the wilderness and when we were there what happens next well the Bible

Chapter 2: Wonders in the wilderness

says that it will be a time of seeing the wonders of God in Micah

7 it says Shepherd your people with your staff that's passing under the rod from Ezekiel 20 the flock of your heritage

who dwell in alone in the Woodland this is a prophecy about those days where we

will be in the woods as it were or in the wilderness in the midst of Carmel let them feed in Bashon and Gilead as in the

days of old what's that a reference to that's a reference to the first Exodus as in the days when you came out of the

land of Egypt I will show them wonders the Nations shall see and be

ashamed of all their might they shall put their hand over their mouth their ears shall be deaf and they shall lick

the dust like a serpent they shall crawl from their holes like snakes of the earth what

holes is that a reference to well you remember in last week's lesson we talked about how the world is building bunkers

and safe places and uh end of the world scenarios where they live in the caves

and that's what the world is doing and the world continues to do that and there's going to come a time when they will crawl from their holes like snakes

from the earth and they're going to be afraid of the Lord our God God and shall fear because of you because of us who why would they fear because of us

well because God is going to be showing us his wonders like he did with the people of

Israel in the desert he is going to be miraculously and super naturally

involved in this desert experience for us and these people crawling out of their holes like snakes of the Earth are

going to see that and so they're going to be in fear because of us who was a

God Like You pardoning iniquity and passing over the transgression of the remnant of his Heritage he does not retain his anger forever because he

Delights in Mercy he will again have compassion on us and will subdue our iniquities you will cast all of our sins

into the depths of the sea you will give truth to Jacob and mercy to Abraham which you have sworn to your fathers

from the days of old now that little statement right there is a Monumental

statement all by itself because what what's he talking about here well this goes all the way back to the prophecies

that we studied about Abraham about Jacob about Ephraim all the way back in

Genesis it's the theme passage for Jacob to Jesus and we looked at it in in the

first part of this lesson so this truth is going to be given as these prophecies are

fulfilled to the people of Israel so it's going to be an amazing time us

dwelling safely in the Woodland while the Nations hidden caves will humiliate the Nations and cause them to fear and

then the fearing of us in the desert during this time is exactly what

happened to the people of Israel in Numbers 22 Moab was exceedingly afraid of the

people because they were so many and Moab was sick with Dread because of the children of

Israel I'm pointing this out because I want you you to recall as we go through

this study that the first Exodus is almost like a blueprint for the second

Exodus it's almost like a field manual and we looked at the passages that told us that those things which had been will

also be again and here we see that fear will come upon people because of us in

the wilderness just like it did with the people of Israel out in the

desert and he will show us his wonders well what wonders what wonders will we see during

Chapter 3: Miraculous provisions

this time I think the most exciting one is Jeremiah 31 this whole section of scripture is

talking about this time talking about the Gathering of the people of the House of Israel and it says they shall come

with weeping and with supplications if you recall in in uh in Revelation it said he's going to wipe away our tears

well this is a sister passage to that because we will be many of us like Joe said will be afraid of all this stuff

going on and we're going to come with weeping and he's going to wipe away our tears and he says I will lead

them so just as he led Israel through the desert the first time he is going to

lead us through the desert the second time and the question has to be asked how did he lead Israel in the desert

what wonders did he show them then and we went through these briefly last week of course we

can't we can't leave out parting of the waters when we parted the Red Sea or

Israel to walk across on dry land not damp land not moist

sand but dry land and of course the pillars of fire and

smoke that we see on the screen there that provided their heat during the evening night the evening uh

temperatures and the clouds to shelter them during the day of course they were given water we

looked at that last week from The Rock they were given food Quail to

eat and they were given Mana this this weird thing called Mana that they were able to eat like de off

the ground they were given miraculous food and of course protection so is it possible that

the Bible tells us that we will also receive this kind of protection this

kind of care these kinds of Wonders the second time around and I think it

does The Parting of the waters in Isaiah 11 it says the Lord will utterly destroy

the tongue of the Sea of Egypt with his Mighty Wind he will shake his fist over the river and strike it in the seven

streams again I believe that's a reference the seven seas and make men cross over on dry

shod the Hebrew behind dry shod is actually dry sandals

so during this time there is going to be miraculous partings of waters rivers and even oceans that men will be able to

cross over with dry sandals and there going to be a highway for the remnant of his

people will be left from Assyria as it was for Israel in the day that he came up from the land of Egypt so that

statement right there at the end is basically saying just like it was in the days of Israel when they were

brought out of the land of Egypt these things will happen

Chapter 4: Divine protection

again pillar and fire of smoke Joel 2 also another passage that's

referring to these latter days he says I will show wonders in the heavens and in

the earth blood and fire and pillars of smoke the sun shall be turned into darkness and the moon into blood that

should make you think of the Book of Revelation before the coming of the great and awesome day of the Lord now

this is just an observation of mine not saying it's absolute truth by any means

but anytime that you see in your Bible uh pillars of fire and pillars of smoke

in the same sentence it's almost always a reference to the time where God LED His People

Israel have there been pillars of fire all by thems yes for an example with Elijah when he called down the fire to

lick up the sacrifice that was that was made with the prophets of ball but when you see the pillars of fire and pillars of smoke together in one sentence it is almost always if not always a reference to the time where God

LED his people through the desert with pillars of fire and smoke Isaiah

4 and it shall come to pass that he who was left in Zion and remains in Jerusalem will be called holy everyone

who was recorded among the living in Jerusalem when the Lord has washed away the filth of the daughters of Zion and purged the blood of Jerusalem from her

midst by the spirit of judgment and by the spirit of burning then the Lord will create above every Dwelling Place in

Mount Zion and above her assemblies a cloud and smoke by day and The Shining

of a flaming fire by night where over all the glory there shall be a covering and there will be a tabernacle for shade

in the daytime of the Heat and for a place of refuge and a shelter from storm and rain so here we again in these two

passages we see references to these uh pillars of fire and pillars of smoke does that mean

that when we're in the wilderness we're going to see pillars of fire and smoke the way Israel did I don't

know I don't know that would be pretty awesome if we did but we definitely see

the reference to them in the uh last days in the end times and of course

water straight from Jeremiah 31 a verse that we just looked at he will lead us he will cause us to walk by the rivers

of water in a straight way in which they shall not stumble for I am a father to Israel and Ephraim is my first

born so right off the bat without even looking at the second page I think we as

Believers can determine as a result of just this handful of passages and others like it because when I say they're

everywhere in your Bible they are everywhere in your Bible you just have to start looking for them we can determine that there will be some

miraculous Supernatural activity going on on our behalf for those who have fled

Babylon and Into the Wilderness we're not going to have to worry about

water we're not going to be worri have to worry about which direction we're going because last week's lesson we

learned that they're going to be banners set up for those people so that he can assemble us so there truly is going to

be a time when we are miraculously LED Isaiah

Chapter 5: Safe dwelling

41 the poor and needy seek water but there is none their tongues fail for thirst I the Lord will hear them I the

god of Israel will not forsake them I will open rivers in desolate Heights and fountains in the midst of the valleys I

will make the Wilderness a pool of water and the dry land Springs of water I

don't know about you that excites me Ezekiel 34 how about

food well I will make a covenant of peace with them and cause wild beasts to cease from the land and they will dwell

safely in the wilderness and sleep in the woods and then Mana this is a really cool pth passage that we've all read a

thousand times Revelation 2 is a is a part of of the book where Yeshua is talking to the

churches and he says to him who overcomes I will give some of the Hidden Mana to

eat okay so this is how long 2,000 years past

Moses right when this was written at least 1500

years and here Yeshua is saying to him who overcomes overcomes what overcomes the world
overcomes Babylon makes it to

the end he who receives the crown that's promised I will give some of the Hidden

Mana to eat well when would that happen I don't know could it happen with us in the desert I don't
know is this

something that's going to happen at the end of time when we're all with Yeshua in the new Earth I
don't know I just

find it very interesting that there's a promise about Mana to be

eaten long in the Future Past Moses and then of course

protection I'll make a covenant of peace with them this is a passage that we already read uh we'll
start there they shall be

safe in their land and they shall know that I am the Lord when I have broken the bands of their yoke
and delivered them from the hand of those who inl them

and they shall no longer be a prey for the Nations nor shall Beasts of the land devour them but they
shall dwell safely

and no one shall make them afraid I will raise up for them a garden of renown and they shall no
longer be

consumed with hunger in the land no bear The Shame of the Gentiles anymore thus they shall know
that I the

Lord their God am with them and they the house of Israel that's

us are my people says the Lord God you are my flock the flock of my pasture you

are men and I am your God says the Lord isn't it interesting in

that passage that they shall not bear The Shame of the Gentiles anymore why

because they have come out from them they have come into Israel if you recall

our discussion last week until the fullness of the Nations or the fullness of the Gentiles has come in
they have

lost that shame of being a gentile and will be miraculously

protected okay here we get into some really fun stuff in the wilderness the Bible says he's going to
Walk Among Us

Chapter 6: God walks among us

now during this time all of those verses in the Old Testament that you were certain would never pertain to you will be a reality for you during this time what do I mean by that well we already know that God's law has never gone anywhere it never never died it was never abolished it never went away his laws are Eternal so we know that as Believers but still we look at some of the things that we see in the Old Testament especially during that time when when Israel was in the desert and we think to ourselves well that that could never apply to me because they were in the desert and I live in Texas I live in Dallas I live in Seattle I live in a big City these things are not going to be a reality but they will indeed during that time so we need to start looking at Israel in the desert almost as a field manual for if we are alive during this time we're going to need it we're going to need to be reminded of certain things here's here's something that just blows my mind Deuteronomy 23 when the army goes out against your enemies then keep yourselves from every Wicked thing if there is any man among you who becomes unclean by some occurrence in the night he shall go outside the camp he shall not come inside the camp but it shall be when evening comes that he shall wash with water and when the sun sets he may come into the camp also you have you shall have a place outside the camp where you may go out and you shall have an Implement among your equipment and when you sit down outside you shall dig with it and turn and cover your Refuge your dookies your poops for the Lord your God walks in the midst of your Camp to deliver you and give your enemies over to you Therefore your Camp shall be holy that he may see no unclean thing among you and turn away from you now I don't know about you but I read that in 2024 and I think that's pretty cool but there's no way that applies to me

because I'm not an Israelite in the days of the Exodus in the desert worried about these types of things but they are going to be a very real reality for us when we are in the wilderness all of a sudden these things apply there needs to be a place outside the camp for people to go when they become unclean somehow and we're going to talk about what uncleanness means in the near future so we know it's nothing mysterious it's nothing weird but we need to understand what is talking about here you need to go to the bathroom outside the camp dig a hole this stuff all sounds very familiar if you're a camper you know this to be true already you know what I mean if you're a camper you don't go and go potty in the camp you go outside the camp already it's almost the no-brainer but the reason that we're supposed to do this is because the Lord wants to walk in our camp now does that mean we're going to see him walk in our Camp I don't think so I don't think we're going to see a physical manifestation of Yeshua walking through the camp during those times but his presence will nonetheless do it and I know what you're thinking you're thinking no that's impossible this is a reference to Israel in the desert not to me and yet we see in Zechariah 2 a chapter that is discussing the events of the second Exodus it says up up flee from the land of the north says the Lord for I have spread you abroad like the Four Winds of Heaven says the Lord of Zion Escape you who dwell with the daughter of Babylon that's us sing and rejoice oh Daughter of Zion for behold I am coming and I will dwell in your midst says the Lord many nations shall be joined to the Lord in that day a reference to the fullness of the Nations and they shall become my people and I will dwell in their midst then you shall know that the Lord of hosts has sent me to you so it's a very real thing brothers and sisters that many of the things that we thought didn't pertain to us in the Old Testament will become a reality for us in the future if we're willing to obey

Psalm 94 blessed is the man whom you instruct oh Lord and teach out of your law that you may give him rest in the days of adversity until the pit is dug for the wicked for the Lord will not cast off his people nor will he forsake his inheritance but judgment will return to righteousness and all the upright in heart will follow it why am I sharing that verse well because you remember from your own Bible study from our discussions that the people of Israel though they witnessed these amazing Miracles that we all just discussed momentarily ago still did not obey they still grumble LED in the desert they were given Heavenly food Mana from Heaven that just appeared on the ground in the morning when they woke up they were provided with Quail they were given water that came out of a rock and yet they grumbled and complained so it's important that if we live to see this day that we are careful that not a single word of complaint or or Com or grumbling comes from our mouth when we are uprooted from these nations and sent into the Wilderness to be prepared and disciplined by our God we need to have an upright heart to follow him in the days of adversity okay so prepare without prepping I wish Glenn was here because I know he's a big prepper and I know a lot

Chapter 7: Prepare without prepping

of people are big into uh prepping so I thought it would be important that we just have a brief discussion here about being of being prepared for this event without being a prepper Luke 9 whoever desires to save his life will lose it but whoever loses his life for my sake will save it and I put that there because for two reasons one for those of us who know this passage who studied it well have taught it we use it almost metaphorically because we we're living we're alive we're serving God and yet we're trying not to save our life so it's kind of a metaphorical teaching and yet I think there's more to it than that Yeshua has no place to lay his head and that is the life that we're

he's ultimately calling us to to be in a place where we will completely and utterly trust him but if we're trying

too hard to save our life because of our prepper knowledge we're going to lose it to be a prepper

it's not a new phenomenon in our culture today since the Advent of nuclear technology people have been building shelters both large and small

over the worlds prepare for some impending apocalypse this level of prepping is not limited to private individuals

governments as we mentioned and members of what some call the elite Society have also taken Grand measures to save

themselves from end of world scenarios you spend 30 minutes on YouTube and you'll be inundated by the number of you

just do a search for prepping you'll be inundated by the number of videos teachings lessons how-to and all of them

are well intended but at the end of the day it's all about how to save your

life instead of losing your life of course

not exactly yes yes and so so I'm talking about prepping for the second Exodus is there

wisdom and prepping for say the power grid going down because China or Korea sent over some kind of EMP yes of course there's wisdom in that I'm not I'm not shutting that down

I think we have to have some preparedness for those type of events I'm talking about this this second Exodus time because I think there's some things that we have to understand Isaiah

2 they shall go into the Rocks is talking about the people of the world they're going to go into the holes and the rocks and the caves of the earth and

the terror of the Lord the glory of his majesty when he arises to shake the Earth mightily in that day a man will Cast Away his idols of silver and his

idols of gold which they made each for himself to worship to the moles and bats to the to go into the clefts of the

Rocks into the Craggs of the rugged rocks from the terror of the Lord and the glory of his majesty when he arises to

shake the Earth mightily so there's going to be a time when the world feels the need to grab their preer stuff and

head to the hills and hide in the Rocks Revelation 6 says the same thing and the kings of the Earth the Great Men the

rich men the commanders the Mighty Men every slave every free man hid themselves in the caves and in the rocks of the mountains and said to the

mountains and rocks follow on us and hide us from the face of him who sits on the throne from the Wrath of the lamb for great is the Day of His wrath has

come and who is able to stand so again two passages there the talk about this fear of trying to save themselves and

I'm trying to say that we as his

Ecclesia cannot follow that pattern we can't look forward to this event the

second Exodus the leaving of the cities in the same way that the world

looks at trying to save themselves like I said in last week's lesson you're not going to be able to

find some cabin in the mountain and hunker down and make it through it and expect to be led or protected

Ed we can't follow that pattern because what is the pattern the pattern is trying to save his life

trying to save your life during this time no instead we have to look forward to the moment where we will put our

lives completely and utterly in his hands the goal of fleeing into the same mountains that the elite

will be trying to save themselves in is to be led shepherd shepherded and saved by him to depend solely on him and not

in our ability to save ourselves our Provisions must come from Yeshua but does that mean we just flee

with nothing well I don't no I'm not saying that let's explore that for the

moment the first Exodus is our model of what to do and what not to do do you

remember last last week those things happened to Israel for our

instruction not for our knowledge but for our

instruction so the first Exodus needs to be our model of how to live and how not

to live and what do we see in Exodus 12 that when they left a mixed multitude went up with them just like it will

happened with us when we leave we may grab a neighbor we may make a phone call to a friend and say hey we're getting out of Dodge let's

go they may be believers they may not be but they're following you because they trust you and just like them a mo a mix

multitude went up with them flocks and herds a great deal of livestock they baked unleavened cakes and of the dough which they had brought out of Egypt

where it was not leavened because they were driven out of Egypt and could not wait nor had they prepared Provisions

for themselves so what do we see what do we learn from this passage well we learned that they did have some things

with them after having plundered Egypt but they left in haste without prepared

Provisions now does that mean we have to intentionally not have Provisions no that's not what I'm saying I'm saying

that they left without much so the question is how prepared should we

be because we will also be leaving in haste when we see the Abomination that causes

desolation we know it's time to go and like them we will be leaving in haste

logic dictates that we will all be fleeing with some Provisions in our cars and trucks some will be Towing camping

trailers with others other things that they believe will be quote unquote necessary items things like generators

and solar power and water and other camping gear

however it will all eventually be left behind in the

wilderness the vehicles will run out of gas electricity will not be available food and water that we brought

will be gone and by then the National Grid will be gone and all these resources will no

longer be available now last week we talked

briefly about whether or not this was going to be a one-year period or a three and a half year period but either way

everything that you take with you in haste will eventually be left behind

when your car runs out of gas what are you going to do gas pumps are gone you're not going to find fuel

you're not going to find electricity all these things will be gone
everything will be gone then what then
what then finally we will be in that place when all we can do is to
absolutely trust in him to lead us feed us and protect
us as we have already seen that he has promised to
do so you have to have a very fluid mentality about this not worry too
much not stress out too much if you're alive when this happens is take what you
can take a truckload if you feel like it as long as you realize that within very short time those
Provisions those
initial Provisions will be gone and whatever you drove into the Wilderness
with will stay there in Rust while you move on to be gathered by the
Lord so how will we know well we yeah we talked about this already briefly Yeshua

Chapter 8: The sign of exodus

says when you see the abomination of desolation spoken of by Daniel the Prophet standing in the
Holy Place
whoever reads let him understand let those who were in Judea flee to the mountains let's stop there
for a
moment uh many Conservative Christian groups believe that this is old history
this is not something that's going to happen in the future and they're right in one sense because there
has been already
historically an abomination of desolation Book of maces Records an
event where unclean animals were sacrificed on the altar of God which is the abomination of
desolation it's happened more than once but as you know so much of history
is there to teach us of what's to come and this is something that the Christian World fails to
recognize they failed to understand the concept of type and
anti-type uh the I I mentioned earlier that that Gavin had posted my video on one of his Christian
oriented or
spiritually oriented Facebook channels and one of the questions was well isn't this a isn't this a
comment about Juda

Jud isn't he talking just to the people in in Judea to flee to the mountains does this really apply to us and of course it does let the reader whoever reads let him understand Yeshua is not going to put here let him who is in Dallas flee to the mountains he's talking to them with words they understand and the spirit is talking to us in similar words that we understand that we also will be fleeing to the mountains during that time because Babylon just doesn't exist in the Middle East Babylon exists here and I have to flee to the mountains let him be who on his let him who is on his Housetop not go down to the anything out his house and let him who was in the field not go back to get his cloth again haste well to those who are pregnant to those who are nursing babies in those days pray that your flight may not be in Winter on the Sabbath I'm going to ask you why in a second for then there will be Great Tribulation then so the Great Tribulation happens after this event in a way that's not been seen since the beginning of the world nor ever will be unless those days were shortened no flesh would be saved but for the elect's sake those days will be shorten so how much time will we have once we see that event and by the way that event will probably be all over the news it won't be something that we'll have to figure out later if Israel bu builds a tabernacle and sacrifices the red heer to cleanse it there will be a time when somebody walks into it and declares himself to be God and then proves himself to be God with some miracle that will make Global News it'll end up even on your Tik Tok feeds most of the world will laugh it off most of the world will have no idea what's happened but those of us who know know and so we have to ask the question how much time will we have well remember with Israel they were given time they were given notice that the spirit of God was going to pass through the land of Egypt and strike all the firstborn and they were given instruction on how to keep that from happening so there was time allotted to them to be prepared Noah was given time to build the ark

he was he told God told him that the end of All Flesh has come before me it's it's coming down build this

Ark and he was given time to not only build the ark but warn the people and they of course mocked him remember

lot was given time we are going to destroy this place get out of

Dodge and if you recall from our lesson a few weeks ago the Angels even grabbed them by the hand to lead them out of out

of out of Sodom and Gomorrah so there's going to be time it's not like the tribulation is going to happen the moment that the abomination of desolation happens no I I believe there's going to be some time like in the days of Noah

lot and Israel fleeing from Egypt wrath is poured out out on Babylon after this time Revelation 16 the city of Babylon divided into three parts and the cities of the Nations fell and great Babylon was remembered no

more but this is not going to happen until you're gone like the Angels waited for lot to get out of the city I believe the spirit of God is giving us time to get our stuff and get out of our perspective cities and we've only done that because we've listened to the Lord's

instructions when will our flight take place these are all questions that people ask remember these are appointed

times our flight will not just be on some random

day as so many people in the world believe so many people in the Christian World especially believe that the whole world's going to be surprised on some random day when all this stuff

happens because we don't know the day or the hour Jesus could show up in two seconds from now that's the predominant belief system in the world right now but not for you because these are appointed times when did Israel flee

Egypt who wants to answer that question which appointed time did Israel flee

Egypt Passover thank you Passover they fled Egypt on Passover and

this is why so many people in the world will die during the tribulation including Christians who have refused to believe in the ways of the Lord his law in which the teaching of the moadim festivals are found if they reject his law they reject the moadim they reject the festivals they reject the knowledge of these appointed times and they're going to be stuck because of that rejection now am I saying they're going to hell not saying that we never judge someone's Eternal Soul or condition but there will be an unnecessary death because they've refused to pay attention to the appointed times like Israel we will flee in haste on Passover being as prepared as we can to survive during the next seven days the seven days of unloving bread and once our Provisions run dry we will receive our food and water from his hands alone so during yes sir um that brings up a very

Chapter 9: Appointed times

wonderful point about the first Exodus remember Moses told Pharaoh let my people go so so that they may attend a feast in the wilderness right and and there there it was we got Passover unleavened bread and later on it was it went on to the other spring feasts but if we consider the end time it'll be the four feasts so yes pretty wonderful thank you gav I appreciate that so yeah it's important to understand that the the world's not going to be in chaos at this point I believe that the seven days of unleavened bread are going to be kind of a buildup time for when all hell breaks loose I can get anywhere in the world in seven days and and so when we flee we'll still be able to buy gas or stop for food or grab a burger between here and our endpoint because everything will be normal at that time only eia will know what has truly happened this means that she'll have ample time to get where you're going in the mountains hopefully with other disciples of Christ to form your community As you move to the Lord's rallying points that's a reference to last week's lesson he will meet up with others who have

fled just like you but I wanted to ask a question if these are appointed times

and Passover is in the spring then why does Yeshua say pray that your flight may not be in Winter or on the Sabbath

because these are appointed times Passover is in the spring so why would he say pray that your flight may not be in Winter or on

the Sabbath anybody want to take a stab at

that well it's actually quite simple I believe that our flight will be on the Passover however it's June 29th and as

of last week it was snowing in Montana so just because it's 99 stinking degrees

in Dallas doesn't mean it's not snowing in some parts of the world which would be winter

conditions so if it's snowing in Montana right now and today was the Passover and today we're fleeing it's going to be

winter for them but not for us so that's why he's saying pray that your flight

may not be in the winter but what's the Sabbath business well many cities around the world especially

Jerusalem everything shuts down on Shabbat everything right you can't get gas you can't get

water you can't get nothing because the entire city is shut down so what have we learned as a result

of all this and I want to encourage you to go and do your own study on this stuff because I think you'll be pleasantly surprised it's just how much

the Bible has to say about this time what's our responsibility our responsibility

Chapter 10: Role of watchmen

brothers and sisters is to be Watchmen on the wall Ezekiel

33 again the word of the Lord came to me saying son of man speak to the children of your people and say to them when I

bring the sword upon a land and the people of the land take a man from their territory and make them their Watchmen when he sees the sword coming

upon the land if he blows the trumpet and warns the people and whoever hears the sound of the trumpet and does not

take warning if the sword comes and takes him away his blood shall be on his own

head he heard the sound of the trumpet but did not take warning like so many people that we talk to about these things as soon as you mention the word law their ears shut off their eyes roll back and they don't take the warning his blood shall be upon himself but he who takes warning will save his life if the Watchman sees the sword coming and does not blow the trumpet and the people are not warned and the sword comes and takes any person from among them he is taken away in his iniquity but his blood I will require of the Watchman hand so you son of man I have made you a Watchman for who the house of Israel where's the house of Israel in the Nations that's us therefore you shall hear a word from my mouth and warn them for me when I say to the wicked oh Wicked Man you shall surely die and you do not speak to warn the wicked from his way that Wicked man shall die in his iniquity but his blood I'll require of your hand nevertheless if you warn the wicked to turn away turn from his way and he does not turn from his way he shall die in his iniquity but you have delivered your soul therefore you oh son of man say to the house of Israel if our transgressions and our sins lie upon us and we Pine away in them how can we then live say to them as I live says the Lord God I have no pleasure in the death of the wicked but that the wicked turn from his way and live turn turn from your evil ways for why should you die oh House of Israel so this is a passage of scripture that talks about us it's it's time for us to stop being apologetic for what you believe it's time to stop allowing yourself to be ridiculed emotionally shut down because all of a sudden you've embraced the ways of the Lord stop being apologetic for it and start warning people to love the Lord their God with all their heart soul strength and mind to as re Revelation 14 says to have the Commandments of God and the faith of

Yeshua we have to stop it's time to start being fishermen Yeshua called us to be and
it's time to warn the house of Israel the Nations that he is coming and most
importantly fear not and this is my last slide it happens to be one of my favorite verses in all the

Chapter 11: Fear not

Bible fear not Paradise is coming but now says the Lord who created

you oh Jacob and he who formed you oh Israel fear not for I have redeemed you

I have called you by your name and you are mine when you pass through the waters I'll be with you
through the rivers they

shall not over flow you when you walk through the fire you shall not be burned nor shall the flame
Scorch you for I am

the Lord your God the Holy One of Israel your savior i g I gave Egypt for your Ransom Ethiopia and
Saba in your place

since you were precious in my sight you have been honored and I have loved you therefore I will
give men for you and people for your life fear not for I am

with you I will bring your descendants from the East and gather you from from the West I will say to
the north give

them up and to the South do not keep them back bring my sons from afar and my daughters from the
ends of the Earth

everyone who was called by my name what's another word for that

eaia whom I have created for my glory I have formed him yes I have made him thus

says the Lord who makes a way in the sea and a path through the mighty Waters we've already
talked about what that

is who brings forth The Chariot and the horse the Army and the power they shall lie down together
and shall not

rise they are exting extinguished they are quenched like a wick do not remember the former things
nor consider the

things of old behold I will do a new thing now it shall spring forth that you shall not know

it I will even make a road in the wilderness and rivers in the desert the beasts of the field will honor
me

the jackals and the ostriches because I give Waters in the wilderness and rivers to the desert to give drink to my people

My Chosen this people I have formed for myself they shall declare my praise so in spite of everything that

we're we see coming in spite of all the things that potentially cause us to fear Yeshua is saying fear

not you've been called by my name and I will lead you home I will lead you out of the

Wilderness and that is the end of the

lesson so what I'd like to do is first welcome my son who made it in

the class it's good to have my boy here but I want to get your thoughts and questions as always fears rebuttal

rebukes they're all welcome yeah definitely sheds a lot of light on I forget what scripture it is in

Matthew specifically but just the it adds a new depth of L to there will be terrible times in the last

days um understanding that in its actuality is helpful U but I definitely feel over

my over into my head on on all this definitely just overwhelming um not to say the lesson

itself was UN overwhelming I think it's just more a testament to where I'm at in my scripture in my reading but I

definitely appreciated the insights thank you thank you son well I'm really confused because it

says you know flee to the mountains when God had said that he's going to level Every Mountain and then

it says if you try to save your life you're going to lose it so I mean there's contradiction there well not not

necessarily you have to keep things in in Timeline uh we are to flee to the mountains but when do the mountains melt

the mountains melt at his presence when he descends okay so that's going to be happening after the tribulation

not during so we'll be safe in the mountains and then when he returns and gathers us to him the Bible says the

mountains move at his presence right right

Gavin um spot on Ed yes um

the um and there's great consolation in what you shared to Ed I

hadn't I hadn't um got the full impact of those scriptures in relationship to the wonderful consolation that God gives us that he'll take care of us I mean I mean these are Marvels these are Mysteries we've seen that in some of our revivals in the past

um missionary activities abroad um the um Indonesian Revival in the middle of a Muslim country they see

lots of Miracles U that's already starting to happen but uh can you imagine when this becomes a mass movement um and U as far as the fleeing to the mountains

um um if we consider that our responsibility has been to to um in

Isaiah 49 look you are to be my servant to be a light to the Gentiles to take my salvation to the ends of the Earth and here we are in the west even in America

where only 3% of our offerings go to the gospel Outreach overseas and uh it's still 90% of all the mission activity comes out of the United States of America but it's it's only 3% so here it is we have

we've been very very busy in our um in our blessings uh in the prosperity provided by the PX marican in these last

80 years and so we're also very busy in our business and so here we we see that

there's a flight uh of the woman in Revelation 12 and these are these are Unthinkable things for a lot of people

who are cozy in in in in in the woods of um of America um in the KC photograph

you know with everything beautiful but uh if we are to consider that that the mountains may be u pictures of Nations

and the Hills small n small Nations the mountains and the hills shall Break Forth before him this poetic language of the

Nations then that being the case um if our responsibility to take the gospel to

the ends of the Earth has only been fulfilled to 3% degree imagine what it's going to be like when it when it ramps

up to 100% I mean can you imagine the big boost to um to gospel Outreach

overseas if we are brought to a point where it becomes um expedient for us to

get out of Dodge out of out of Babylon right so um if um if our birth certificates are written in capital letters and we're considered to be capital goods um and we are we are

grabbed as as basically owned items by New World Order and they decide to send us Broad because we're s such talented

people right they want the new world order to work so it's in their best interest to uh to um uh um to get

um uh it's in know it's in our best interest to to

take the flight that's been provided for us because your emphasis on the provision over and above the prepping is very aicos there is there's no doubt

that the provision of God in the latter days will be a Wonder beyond what we can even think about and uh as as you talked

about in the wilderness places in the wilderness of the people there will be wonderful um opportunities to to see God

do his wonders but uh if the woman is given the wings of a great Eagle as we see in Revelations chapter chapter 12

she's in travail she's under some constraint but nevertheless she is given

transport in other words she won't have to say oh I got to raise money to get out Dodge here or go make this prepping action here there the there's prepping

action we do now you know down here in the South with hurricanes we we're prepared uh to varying degrees but but this

International uh aift if it is that of the woman of Revelation chapter 12 and this gathering

in the wilderness um and the um the Gathering of Jacob that is mentioned by Micah in

Micah chapter 2 uh this is a big International um uh scattering of God's

people into the world so that they can complete the Harvest that they've been commissioned to do way back in Isaiah chapter 49 right so it's not all bad on

the other hand if we resist that we go out in into the caves and arm with our ak-46 s and our soybeans and we hide

away in the caves what witness can we present to the Lord there right what is what is our calling anyway uh are we to

hide in in the Under The Rocks like the elitists are doing in New Zealand absolutely not um we have a God who will Who will

prepare his people he'll give them heads up and then even before the midpoint Abomination desolation there'll be three and a half years under the Harlot of

Revelation chapter 17 so we haven't even plumbed the depths of what what uh issues might be involved there yeah and

what preparations so uh what we're looking at is a a wonderful uh God who

is who has laid it all out for us even in the feasts in the full Feast amen

yeah well thank you thank you Gavin Joe any thoughts from

you what about you Glenn number two I'll I'll talk to you about some stuff okay he wants to talk about stuff how about you

wife how can I just don't understand you know how it all is going to play out of course we just have to trust God but I'm thinking what if people that are elderly

or you know are having disabilities are they gonna flee to the mountains you know I me well I think that's what Gavin was trying to say there may be some

miraculous help in situations like that for sure yeah absolutely yeah there will

there will be provision for God's people one thing we've learned about the Amish and how they had to flee out of Germany during the the Reformation Wars go to

Holland they became they were the big boost to Holland to make them the great superpower in the 1600s yeah but they

they took care of each other hello um what are we we are a fellowship Believers Global we are the only Dei

successful people on the planet we are diverse we are inclusive of all Nations

R and tribes and we are um Equitable in our fellowship taking care of each other

so um that will be even more wonderful uh in the future than it is today so

it's going to be um a wonderful provision now as far as the as far as the health of God's people in their

flight um a lot of people a lot of people are going to have their health

extremely improved in times to come and uh as a physician I can tell you this uh

if people if 75% of the population of America is on diabet diabetes and blood

pressure medicine then um in the in the intermittent fasting and whatever that occurs in the 70th week their health is

going to Spring forth because they're going to get out of diabetes they're going to to get out of blood pressure they're going to have a lot of their inflammatory issues resolved they health

is going to Spring forth uh so we we can be encouraged about that as well um

there's all sorts of positive things about the end time that we're only just beginning to get a grasp on and yeah to

that to that point Gavin I wanted to close with one thought these lessons that I teach you

guys they may be heavy they may be dense um they may be hard to

grasp none of it I I I teach none of this stuff in order to cause fear or

dread um just the just or confusion just the opposite amen I want you guys to be

uh properly informed and understand um your Bible and that these things written down regardless of where

they're at in the scriptures very much so have something to say to

you and me um we're not limited to one Covenant so to speak one Testament that

being the New Testament we are Bible followers we are Bible obeyer and we

are Ephraim we are the house of Israel and these things mean something to us and so I just want you to be able to be

ready because I at the end of the day I'm a Watchman on the wall and if I don't teach you these

things and I am falling into that category that is mentioned there in Ezekiel 33 of not properly warning my

brothers and sisters and so um that's all I wanted to

say so guys thank you so much for coming and for listening to this let's

have a a closing prayer and uh and then we'll we'll we'll kick it off here son you want to pray for us um Heavenly Father God we're just

thankful for your peaceful Shabbat Lord we're grateful for the fellowship today and Lord we pray that uh during these

times uh and Lord which you return and all the events leading up to it Lord that we would just hold fast to you Lord

and that we would lean not on our own understanding but yours God in the times where things are are making sense we're

worried we're scared we're fearful Lord we just pray that uh we would cling to you now and then I thank you for my dad

and his wisdom and I thank you for just again the fellowship that we have here to learn and grow together I pray that

you would guide us in those moments in J name I pray amen amen all right guys well shabbat shalom have a fantastic day

and we will see you next time sh Shalom blessings blessings head
